For the last 12 years, Tipping Point has worked to find and fund the most effective poverty-fighting organizations in our region. They will call upon our expertise to identify and invest in partners that can deploy capital rapidly and effectively during this crisis. The funds raised by Tipping Point Emergency Relief Fund will be directed to North Bay community foundations, service providers and government partners supporting low-income communities hit hardest by the fires. Our approach has three phases:

- Phase 1: Relief (3 months)
- Phase 2: Recovery (3-9 months)
- Phase 3: Rebuild (4-12 months)
